

Setting up Application Environment

Create IBM Cloud Account

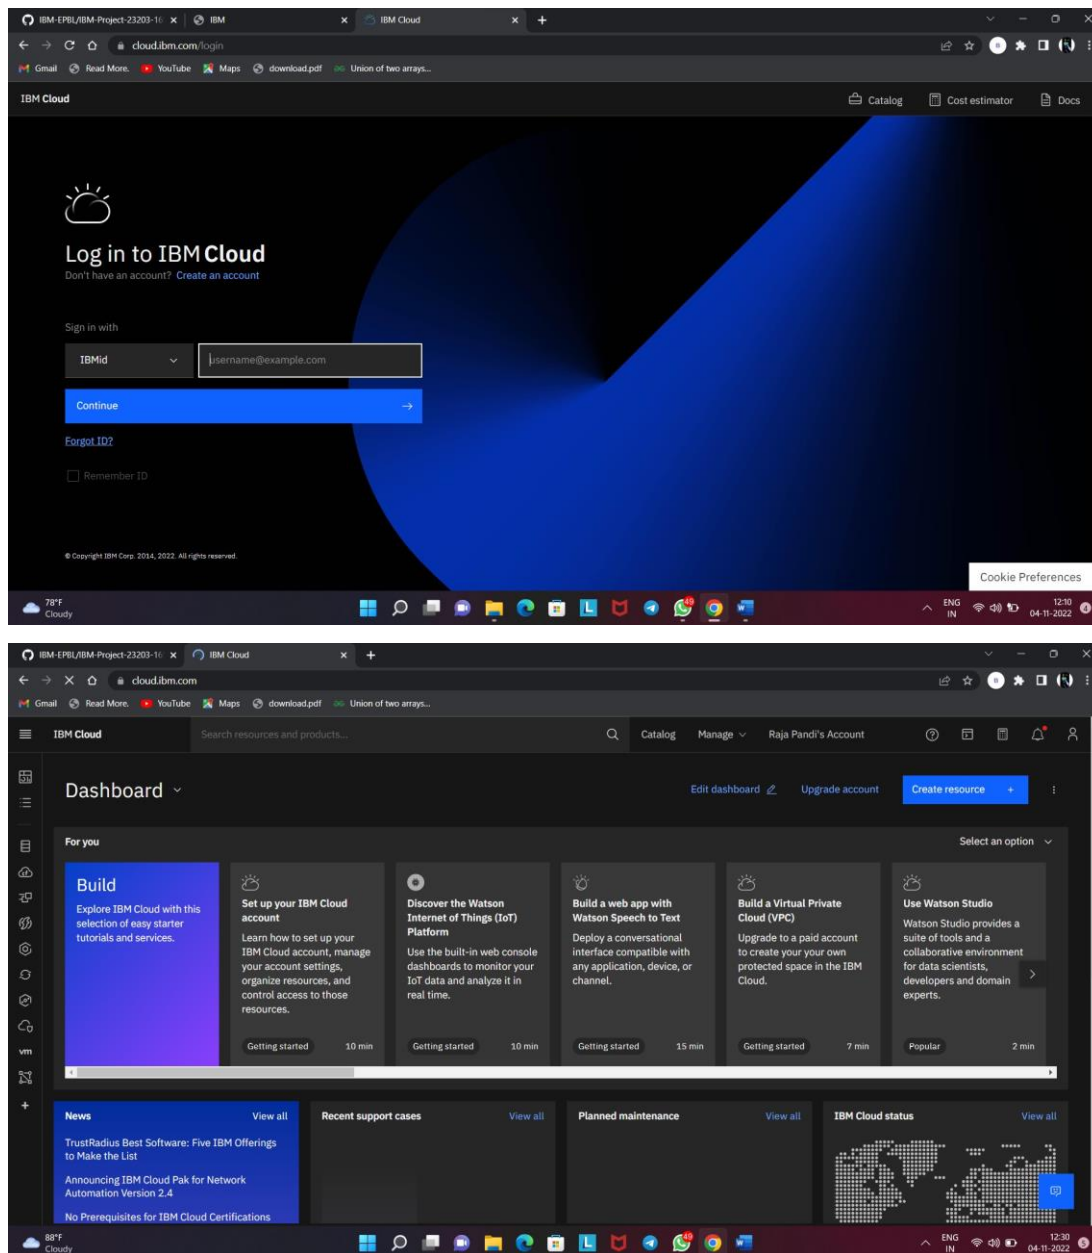

Date	19 October 2022
Team ID	PNT2022TMID23056
Project Name	Skill/Job Recommender Application

Step 1. Navigate to ibm.com/academic and register with your smartinternz mail

The image shows two screenshots of a web browser. The top screenshot is the IBM SkillsBuild Software Downloads page. It features a large image of a group of people sitting on a curved brick wall, working on laptops. Below the image, there is a text block that reads: "Harness the power of IBM. Get easy no-charge access to the tools you need to develop the next great thing. Enjoy powerful technical and strategic resources from IBM. Jump right in with access to powerful services and the most prominent open-source computer technologies, or take advantage of hands-on resources that will teach you about data science, artificial intelligence, security and more." Below this text are two buttons: "Already registered? Log in" and "Register now".

The bottom screenshot shows the IBM account registration page. It is titled "2. Additional information" and "3. Verify email". Under "2. Additional information", the "Company" field is filled with "Velammal College of Engineering and Technology". Under "3. Verify email", it states: "We emailed a 7 digit code to 913119104075@smartinternz.com. This code will expire in 30 minutes." Below this, there is a "Verification token" field with the value "708134". There is also a link to "Resend code". At the bottom, there is a checkbox for "by email" which is checked, and a note about withdrawing marketing consent.

Step 2: Now goto cloud.ibm.com and login with your registered mail id along with coupon code obtained from ibm.com/academic

Output :

Cloud account created successfully.
